TO: Dr. Thomas Forcella, CHCCS Superintendent

FROM: Dr. Magda Parvey, Assistant Superintendent for Instructional Services

RE: Update on Teaching and Learning Mathematics K-12 in CHCCS

We will give an update and overview about CHCCS math pathways and curriculum documents, including our successes, and plans for the future.

- Describe the work of the instructional planning teams – Look at CHCCS Math Site
 - Scope and sequence documents K-Precalculus
 - PBA's K-Precalculus
 - Units and Instructional Guides K-Precalculus – new HS math materials
- Reorganization of LEAP math curriculum
 - Reconsideration of grade level entry points
- Consideration of options for severely high-achieving math students who are not in LEAP

We will elaborate on each of the bulleted items and answer questions as they arise.

Chapel Hill – Carrboro City Schools

Math Pathways 2014-15

Note: CC stands for Common Core
